Teach the Teacher Project

All year long you have been the students. Now it is time for the tables to turn and for you to teach me! Your lesson should be between 10-15 minutes long. Choose a topic of interest to you. Some examples could be teaching a science experiment, how to draw, how to play an instrument, a date a history, etc. All topics must be approved by me (Ms. Mahar) by the end of next week (**June 2**). You may bring props, pictures, and any other materials that you may need to use. Be sure to complete the following lesson plan and turn it into me on **June 12th**.

I can't wait to learn what you will be teaching me!
